PROFESSIONAL SEATING

Cavaletti Match

Cavaletti Match

Insofar as environments adapt to the flexibility of work styles, the Match line provides freedom of use, incorporating a wide variety of combinations – from traditional to contemporary.

Stripped, versatile and plural.

With metallic or wooden bases, 14 plastic colors, 11 paint colors and more than 90 coating options available, the Match line allows you to compose the product in your own way.

An invitation to simplicity and comfort.

The ergonomic design of the Match line shell offers 3 configuration options: you can either opt for the fully injected shell in a single piece or complement it with the exclusive over-seat for a more distinctive design.

- 1. Plastic Shell
- 2. Plastic Shell + Upholstered Over-seat
- 3. Upholstered Shell + Upholstered Over-seat

Designed to match.

To meet the different needs, whether in private, waiting or shared environments, the Match line offers practicality and multiple levels of comfort to focus or interact.

The fully coated version with a colored base offers the ideal combination of comfort and design.

The C-structure version facilitates the maintenance of collective spaces such as classrooms and cafeterias.

There are three options for wooden structures, characterizing timeless and elegant pieces.
